**Subject:** AO4 Pilot- Project Purple: Project update

Great job, this week, AO4!

We completed first level review for all the records for this project and completed second level review for many of them. 1100 documents are ready to be produced because of our work this week. (Amazing!) This means we will be able to provide interim releases for at least 26 FOIA requests with the first Project Purple production. There's more work to do but this is a start in the right direction!

The team worked well together, asked good questions, helped each other out, and maybe even had a little fun. ☺

Thanks everyone! See you next week!
